When people mention the word "Lawyer", it, unfortunately, conjures up preconceived, stereotypical perceptions for most.

Mr. David West will alleviate any presumptive notions you may have, the moment you shake his hand. I was charged with felony obstruction. I was very nervous at the beginning of my consultation. I quickly became very comfortable speaking with Mr. West. His explanations to my questions were informative and easy to understand. He told me not to worry, that he would take care of everything. Wow, I didn't realize he would literally "take care of everything".

He, and his staff, were with me every step of the process. His office manager / assistant, Beth, is incredible. My eventual outcome was more than I could have hoped for. I proudly recommend his services to anyone. Thank you David West & Associates.

Mr. West was simply the best. I was facing serious jail time for a second dui and would have been without my license for a year had it not been for the hard work he put into my case. He kept me pretty well informed on everything going on, given some of the more serious cases he also works on. And his staff always had answers for me when I called his office. He was really a great speaker in court and I could tell he was really fighting for me. He also seems to get a lot of respect from the prosecutor and the judges as they appeared to listen to everything he had to say.

I saw the review by the other person on here and really can't believe it. Mr. West went out of his way to say we had a tough hill to climb with my case and that he didn't know what would happen when we started but he really worked hard once he got started to make sure I got a great result. His hard work saved my job and my license and I had to come on here to make sure other people saw what he was capable of. Mr. West is a pro and anyone who doesn't check him out before handing their case to someone else is making a big mistake. You will be glad you went to see him. I sure am.

Mr. West was clear and exact with his comments concerning my pending case. He gave me a realistic outlook of what to expect and did a fine job of implementing the plan. While I certainly do not plan on needing any additional criminal defense in my life, I would trust Mr. West with any legal needs.

Attorney West,

Thanks for the help you gave Steve. I feel your influence was the persuading factor that led to the program, the instructors seem they could trust Steve. He certainly did some major changes. Losing those so call friends was the greatest, and taking care of us has been a God sent blessing.

We're back in Escan, Steve drove all the way, in rain. He's an excellent driver.

We're surly blessed to have him with us now.

May our Lord bless you and yours -

Dearest David,

I hope this letter finds you in the best of health and the highest of spirits.

As you are aware, I self surrendered at Camp Marianna on Dec. 28, 2004. I had every intention to come to your new location and thank you personally. However, everything happened so fast. This is why I'm writing you a letter. Your new address was on my Appeal paperwork that Mr. Wolf's Office sent me.

David, if ~~it~~ wasn't in this system, I wouldn't believe it. That's all I have to say about that! (Forest Camp) However, I know you care because of the way you handled my case. I've just learned that this is not the elephant that you eat one bite at a time. This is the elephant that you don't try to eat. ☺ David West from the depths of my soul... THANK YOU!! Not only for caring but for also having a fear of God that will

always lead you to do the right thing.

Our paths will cross again, under different circumstances.

Until then, may God continue to bless and keep you and your family.

Best Regards to you, your staff and your practice.

Hi Davie, wanted to let you know what happened with my charges in Pennsylvania in case you haven't talked to my father yet. For 8 1/2 ounces of marijuana I received 2 years probation to run concurrent with the 3-5 yr sentence I received here in GA for the 24 ounces. The judge said he'd let the Georgia penal system handle me. Your plan worked very well and I'm forever thankful for you helping my Pennsylvania attorney make the proper moves to make that run as smoothly as it did. It was all handled over the phone at the prison. Now with that out of the way we can focus on my parole. I heard you have some plans on getting early parole and I'd like you to call my father [REDACTED] on these ideas if you haven't heard from him. I'm not too interested on moving back to PA like I said prior to this letter for two reasons. *It will cause me to be surrounded by my negative past and my girlfriend dumped me, at this point there is nothing for me there anymore. My father and mother have ideas on parole homeplans, get in touch with them on the #1 list above and explain what you can do and hopefully my Dad will agree and we can work something out to get my life back and started right. Thank you

Thank You

*Today and every day,
you're appreciated
more than you know.*

and Seth*

Dear David S. West:

I wanted to express my sincere appreciation for the way my case was handled. From the moment I enlisted your services, I began to realize the professionalism that you afforded to my particular case.

I would be remiss if I said that concern over the outcome was not a factor, but you and your staff made this concern more manageable by providing honest and factual information as to the expectations and events to come. The most comforting aspect of the ordeal was knowing that you were an attorney that did not over-promise but instructed me of what needed to happen for a pleasing outcome. For this, I am grateful and will recommend your services to others in need of legal attention whether it be for business or personal matters.

Once again, I respect the way you carry out your trade and how you protected my interest. I wish you the very best of luck in your endeavors although your acumen for the law will bring success for you in the years to come.

Thank you,

United Way Helps Here

July 7, 2009

Hi David,

You have been on my mind and this is something I have planned to do for some time. This is just a note to thank you for the attention you gave Stan and his family. I felt that you were genuinely concerned.

Stan has written letters of apology to everyone for the pain he has caused. He will have to prove himself of course.

He said Cathy Shields promised him she was going to make it as hard for him as she possibly could. He stayed in the Cedartown jail for three months. He almost lost his mind. He is now in Arkansas. I felt and someone else mentioned she was trying to scare me into not helping him by not letting him come here before he left, time ran out and he was not able to. I just thought you might like to know, he called you his friend and has a high regard for you.

It has been some time since I bought this card for you. I meant to send it sooner.

I hope this note finds you and your family doing well.

Thanks again,

Coolyn Simpson

Dear Mr. West:

This letter is to express my sincerest appreciation for the fine job you did in retention of the case for my son driver license which was in the process of suspension by the Department of Driving License with the Dallas Municipal Court. When we came by your office my husband and I were very impressed with your professionalism and your outstanding work to produce a good result in resolving this case.

It takes a very special attorney to work diligently in helping his clients. Apparently, Mr. West looks for the best possible solution when handling his cases. We will always remember your willingness in helping us immediately to proceed with the case. I thank you for your significant contribution to this case and appreciate the time you talk to my son after the first court meeting. He had learned a great deal from you.

In addition, Ms. Beth Kellmayer is a highly effective Legal Assistant. She is providing outstanding customer service and always patient with a pleasant demeanor in helping me when I called the office.

Your efforts in resolving this traffic ticket case from a notice of a license suspension to a reduced dismissed with no points have attracted a great deal of attention and praise for your practice.

Sincerely,

Wesley and Camina Cornelius

HELLO DAVE !!!

I just want to thank you again for taking my case. Each time I talk to you on the phone I get a real lift. Your voice and tone give me a feeling of confidence in you as a person (which is very important to me) and in your skills. I'm sure you have the same effect on the D.A.'s.

No matter the outcome of this case, I couldn't be happier with my choice of picking you and your office to represent me. Let me know what more I need to do.....if anything.

In order to win this case: I am willing to shave my ZZ Top looking beard.
The people here are super-conservative. Some of them would convict on looks alone!
Hopefully we won't have to go that far.

I have quit smoking for the time being and could pass a smoke test today if need be. I also try to avoid driving through Gray, Georgia.

Wishing you and yours a happy 2009,

Dave Peck

Dear Mr. West,

We would like to thank you for the wonderful representation you gave Jennifer today in court. I truly believe she has learnt a big lesson from this experience, especially since she is truly paying for her mistakes from her own pay check. It was a pleasure to meet you but, I hope we won't need your services any time in the future. You will find enclosed in this letter the balance she owes you. Again thank you so much for all that you have done for us.
